Whether you like comedy, mystery, documentaries or something else altogether, you can find a great selection of movies online for free. In this article, I'll look at the 12 best sites and resources for watching movies for free. I visited each of the sites listed below, and I tested a few videos from each site to ensure quality, check my ads, and see what's available for free. Where to watch movies online for free When you start searching for movies online for free, it won't be long before you start visiting less reputable websites. Some may actually require paid membership or subscriptions while others provide access to pirated content. However, there are some websites, apps, and streaming services that you can use to watch movies and TV shows legally and for free. Among them are Crackle, The Roku Channel, IMDb TV, Tubi, Vudu and more. If you're looking for a full list of free ways to watch movies that you usually pay for, you probably won't find it in this list. Instead, I've compiled 12 perfectly legal and free ways to watch movies online - most of which are ad-supported. Keep in mind that Ad Pain is ranked from low to high based on the length and frequency of disruptive ads. If you're looking for an ad-free experience, be sure to check out Kanopy or Hoopla, offered by educational institutions. However, you don't need to download anything or enter any payment information to get access to free content. At most, you may have to turn off the ad blocker if you're watching online. Below, you'll find detailed information about 12 different places where you can legally stream movies and TV shows for free. Kanopy category: Classic cinema, Comedy, Drama, Documentary, Independent Film, Best World Cinema for: Documentaries and educational content platforms: Apps (phone/tablet), Computers (website), TV (apps/castings) Kanopy partnered with thousands of public libraries and universities to programs and movies without ads. You can use a library card or content to access a school email address on a TV, mobile phone, tablet, or online. I entered my library card number and then used my name and email address to create a Kanopy account. Kanopy. you're signed in, you can watch up to five movies per month. In the top right corner of the screen, you'll see some that tell you how much credit you have left in the month or how many shows you can watch. Guests can enjoy unlimited plays in Kanopy Kids. In addition to movies, Kanopy provides access to documentaries about culture, art, business, education, global research, healthcare and more. When I scrolled through the selection, I didn't see many headlines I realized. However, the vast selection of independent films, documentaries and world cinema is enough to keep me browsing through some pages of interesting headlines. Once you've found a movie you want to watch, you can click on the title for more relevant information, headlines, and comments, which can often include helpful suggestions. Most videos also include ratings, subtitles, and scoreboards. Kanopy is available as a mobile app on iOS, Android, and Amazon Fire devices. You can also access the TV app through Apple TV, Amazon Fire TV, Android TV, Samsung Smart TV, Roku, Telstra TV or Chromecast. If you don't have access to any of these devices, you can also connect your computer to your TV using an HDMI cable to watch Kanopy on your TV. For more information on how to get started and what's available, be sure to check out our Kanopy Review. You can also stream content through amazon fire TV, Chromecast, or a Roku device. Pros: No ads in TV shows and movies you've borrowed Some content that can be downloaded after checking Multiple content and media You have to sign in with your library card or create a free account to watch movies You can only check five titles per month Crackle Major Genres: Action, Classics, Comedy, Drama, Thriller, Reality, Original, Documentary Best For: Classic shows, comedy movies, star-studded favorites Platforms: App (phone/tablet), Computer (website) and TV (TV app/casting). Owned by Chicken Soup for Soul Entertainment and Sony Pictures Television, Crackle is a streaming service with original content as well as TV shows and movies acquired from other companies. You will find both old and new shows/movies in various genres with hidden talents as well as famous names. As I scrolled through the featured categories, I recognized The Rock, John Travolta, Ashton Kutcher, Steve Carell, Gene Wilder, Chase Elliott and more. There is something for everyone at Crackle with a variety of features including Cars, Trains and Planes, Summer Kickback, Home School, Documentaries and Classics. This free entertainment network is available on many popular platforms including web browsers, Amazon Fire TV Stick, Chromecast, Roku, Android and Apple devices. For a full list of supported devices, visit the website. With Crackle, you don't need to create an account to start streaming. But if you want to save any movies to watch later, you'll have to sign in. Creating an account is easy and free; just click login on the homepage to get started. Whether you create a free account or start watching right away, you'll still have to sit through a few ads. That means you'll have to disable any ad blocker before streaming. According to the website, running ads with available programs allows Crackle to ensure that the service remains free in the United States and Australia. Before the movie starts, you'll see a few ads. Once it starts, you'll have a commercial break throughout the movie. The video in the screenshot above is an hour and 40 minutes long, and you can see that there are eight ad breaks after it starts. During ad breaks, I have the option to choose whether I want to interact with the ad for 30 seconds or see a regular ad for a normal break (about 2.5 minutes). On the screen below you'll see options for adding it to the following watch list (if you're signed in to a free account), share it on media, view details about the film and check out similarly recommended films. In addition to the details and descriptions, you'll also see Why It Crackles, which is a short blur of what Crackle thinks makes great movies. Pros: Disadvantages: Great variety and streaming quality You can choose the duration of ads You do not need to create an account to stream Some movies and shows are only available for a limited time due to an agreement with program providers Content can not be viewed offline IMDb TV Main Category: Comedy, Chills & Thrills, Action & Adventure, Romance, Documentaries, Sci-Fi, Family, Drama Best For: Hit TV shows and top Hollywood hits Platforms: App (phone/tablet), Computer (website), TV (app/casting) Owned by Amazon, IMDb TV is another free, ad-supported streaming video resource. You can access content on the IMDb app, IMDb website, Amazon Prime Video app, and Amazon Fire TV device. You'll have to sign in to access IMDb TV content for free, but you can create an account for free. Alternatively, you can sign in with an Amazon, Facebook, Google, or Apple account to access content. Once signed in, you'll be able to stream available movies and shows, add videos to your watch list, and save your location if you need to pause your video and continue watching at another time or on another device. No matter how you choose to sign in or use your device, know that videos can't be purchased or downloaded on IMDb TV for offline viewing. That means you'll have to see a few ads. In the video below, you can see that there are six ads in this 90-minute movie. When you're watching a show or movie, you have the option to turn on the X-Ray feature. This shows a small pop-up in the corner of the screen with interesting events related to the scene you're viewing. On the other side of the screen, you can choose to adjust the subtitles, video quality, audio, and screen size. When I visit IMDb TV, I find some popular headlines in the Recently Added section including Shrek, Pray Eat Love and Seabiscuit. Other popular titles include The Sisterhood of the Traveling Pants, Life of Pi and 3rd Rock From the Sun. In addition to popular TV shows and top Hollywood releases, you'll also find the original IMDb TV and the entire section of Hidden Gems. Pros: Cons: Popular headlines and hidden gems Adjustable video quality (up to HD) You can choose to watch interesting events throughout the movie with the X-Ray feature Limited choice content can not be downloaded You will have to log in or create an account to stream The Pluto TV category: Comfortable movies, Sitcoms, TV Dramas, Action, Comedy, Drama, Family, Indies Best For: Live TV Platforms: App (phone/tablet), Computer (website), TV (app/casting) On Pluto TV, you'll find hundreds of free TV channels and thousands of Movies. Internet TV services offer free content, ad support including live TV and on-demand headlines. You can access pluto TV online using iOS or Android devices. You can also stream Pluto TV on Amazon Fire TV, Chromecast, PlayStation, Roku, Samsung, and Vizio devices. I used my computer to access the online site. When I first came to the site, I clicked watch Free Now to get started. From there, I was able to choose from Live TV or On Demand at the top of the screen. On demand there are several categories including the categories listed above in addition to popular movies, top TV series, new movies and more. If you are looking for live TV, you will find a wide selection of free channels. You can browse live channels by category including features, movies, news, reality, comedy, classics, sports, kids and more. You'll see hundreds of popular TV networks including TV Land, MTV, CSI, and Comedy Central. With both live channels and on-demand headlines, you'll see ads periodically in the same way as traditional TVs. In my experience, ads tend to pop up about every eight minutes. You won't need to create an account to start streaming content, but you can sign up for one if you want. Your account lets you follow your favorite movies and channels and get updates on new content. Pros: Disadvantages: Many on-demand games as well as live TV channels You don't need an account to stream Regular ad content that can't be downloaded Roku Channel Category: Family, Adventure, Drama, Reality, Anime, Sports, Best News for: Reality and Live TV Platforms: Apps (phone/tablet), Computers (websites), TV (apps/castings) Roku Channel is another free ad support resource that provides access to live streamable content including live TV and on-demand headlines. You don't need to have a Roku device to access the Roku channel. It is also available on web browsers as well as iOS, Android and Amazon Fire TV devices among others. I used a computer to access the Roku Channel website. I'm immediately prompted to sign in or create an account to access a premium subscription, continue watching movies when I stop, and get personalized suggestions. However, the account is not required to stream content. I had to disable my ad blocker before watching anything though. In the movie above, you can see that there are six ad breaks throughout the movie (1 hour, 37 minutes), which means you can expect an ad about every 16 minutes. For most movies, detailed subtitles are also available. At the time of writing, Roku Channel included several popular on-demand titles including the entire Twilight story, How to Train Your Dragon, Hairspray, Bewitched and Hoarders. Live TV channels include Now This, Tastemade, DIY Daily, TMZ and USA Today among others. Pros: Cons: You need to create an account to stream Title content on demand and live TV Relatively few ads compared to other free sites Content that cannot be downloaded Premium Subscription requires paid membership Tubi category: Action, Classics, Comedy, Documentary , Drama, Drama, Movies, Foreign Movies/TV, Independent Movies, Best Children's Shows for: Reality TV and Kids Platform Shows: Apps (phone/tablet), Computers (websites), TV (apps/castings) Tubi is an ad-supported streaming service owned by Fox Corporation. Limited Options You can't arrange movies for free by Genre Popcornflix Category: Drama, Action, Horror, Thriller, Comedy, Romance, Sci-Fi, Mystery, Family, Foreign Films, Documentaries Best For: Independent films Platforms: App (phone/tablet), Computer (website), TV (app/casting) Popcornflix is a free ad-supported streaming service owned by Screen Media Ventures, acquired by Chicken Soup for the Soul Entertainment in 2017. You'll find movies, TV shows, web series, and videos that go viral on Popcornflix. The site mainly has independent films, making it a great place to search for hidden gems. After deciding to watch a movie or show, you can start streaming immediately after one or two previews. You won't be required to create an account to stream media on Popcornflix, but you'll have to pause or disable any ad blocker. Your ad works just like the one you'll see while playing an online game, and you have the option to skip some ads after a brief preview. Next to the video you're watching, you'll see a side bar of options that lets you see what's playing next, what others are saying about videos, GIFs created from movies, and additional information about the movie. You can access Popcornflix using a web browser on your computer or with Apple TV, iOS devices, Android devices, Roku devices, Amazon devices, or Xbox. Pros: Cons: Start streaming immediately without an account Read other users' comments when they were originally left throughout the movie You will not find many popular titles if you are looking for popular movies / TV shows Content that can not be downloaded Vudu Category: Funny, Horror, Family & Kids, Action, Adventure, Classic Films, Crime & Suspense, Drama, Documentaries Best For: Hidden gems Platforms: App (phone/tablet), Computer (website), TV (app/casting) Formerly owned by Walmart, Vudu is now a digital video store and streaming service owned by Fandango Media. You can rent and buy movies from Vudu, but you'll also find a selection of free movies and TV shows that you can stream with ads. There are 27 categories to choose from from free movies and shows that include the categories listed above. You'll also find categories like star-filled favorites, most viewed movies, and hidden gems. To start watching videos on Vudu, you'll need to create a free account using your name and email address. Once you're signed in, you can instantly stream any title labeled for free with your ad. When you choose a movie or show that you are interested in, you will usually have to watch 2-3 ads in advance Start. You can then expect ads to pop up periodically throughout the video. You can choose between SD and HDX video quality, and most headlines come with optional closing cost subtitles. Vudu is available on Roku, Android, Apple, PlayStation and Xbox devices as well as online through any web browser. Pros: Pros: Free variety and TV show My Vudu tab allows you to keep track of what you watched / wanted to watch You will need an account to start streaming Content that can not be downloaded Not all movies and TV shows are free Crunchyroll Major Genres: Anime (action, Adventure, Comedy, Drama, Thriller, and More) and Drama (China, Japan, Korea, and more) Best for: Anime Platform: App (phone/tablet), Computer (website) and TV (TV/casting app) Crunchyroll is a WarnerMedia anime series company in more than 200 countries and territories. If you're a fan of anime, this is a free streaming resource for you. You will find both popular titles and the original Crunchyroll available for free. Scrolling through popular anime shows, I saw over 1,100 episodes of One Piece, over 140 episodes of Black Clover and over 90 episodes of My Hero Academia at the time of writing. Other popular titles include Attack on Titan, Naruto and hundreds of other titles. Most of the content is dubbed in Japanese with English subtitles, but there are some programs dubbed in English. While you don't need to create an account to stream content through Crunchyroll, you'll see ads that remind you to pay for premium memberships. Membership allows you to watch shows without unlimited ads, have access to new episodes an hour after they premiere, and download shows to watch offline. However, you can stream for free (with ads). Just be aware that the latest episodes may not be available immediately. When you select a video, you'll be able to start streaming it right away without having to sign in. If you want to add videos to your queue for later viewing, you'll need to create a free account. I don't have to turn off the ad blocker to start streaming, and it only appears a few times in a 25-minute episode. Pros: Cons: Short, in frequent ads throughout the video You don't need to create an account to stream Programs, manga, and games available in addition to movies New releases are only available to premium members Content that can't be downloaded unless you have a premium subscription Yidio Genres: Drama, Romance, Comedy, Action, Adventure, Kids & Family, Horror, Crime, Mystery, Animation Best For: Variety Platforms: App (phone/tablet), Computer (website), TV (app/casting) Unlike other sites on this list, Yidio is a video synthesizer that compiles links to videos and TV shows available on other streaming services. Instead of watching the media player and watching live videos on Yidio.com, you can immediately search for headlines on many other platforms including Tubi, Vudu, Crackle, Roku Channel, and more than 100 other platforms. While you'll see videos from paid streaming services like Amazon Prime, Hulu, Disney+, Netflix, and more, can filter your results with free movies or free TV shows. For most video links on Yidio, you can watch online through any web browser, with your smartphone or tablet, using an online media player or on a game console. For a For a refer to which streaming services are supported on which devices, see this resource from Yidio. You don't need to create an account to use Yidio, but signing up for an account is free if you want to keep track of your favorites. Once you've found the video you want to watch, just click the title to see where it's available for free. For example, I clicked On The Shining. I can see that it is available on some paid subscription and online rental services at Amazon, Vudu and elsewhere. But it seems completely free through IMDb TV. Once I clicked on the play icon next to it, I was redirected to IMDb TV's website to watch movies for free. If you have a specific title in mind, Yidio is a great resource to check out and see if it's available for free online. Pros: Cons: Thousands of movies from multiple sources, some of which are free You do not need an account to use Yidio You will find links to movies as well as TV shows No movies are available directly on Yidio, which means that you will always have to visit the second site Not all movies are available for free Finally , any of these sites are worth a look if you're looking for free movies online. If you're looking for famous names in Hollywood and popular TV shows or TV series, check out Crackle or IMDb TV. If you have a library card, you can visit Hoopla or Kanopy for a completely ad-free experience. Crunchyroll is a great resource for watching free anime shows and movies, while Tubi and YouTube offer access to a great movie selection for families and kids. For Live TV, watch Pluto TV and The Roku Channel. If you are more interested in indus films and hidden gems, you may find something you will love on Popcornflix or Vudu. Finally, if you have a specific title in mind, check out Yidio to see if it's available for free on any of these sites. No matter where you decide to watch movies online for free, just make sure you're doing it legally and safely. While you may have to disable the online ad blocker or enter an email to create a free account, you don't need to download anything to your computer or enter any payment information.
